

## 2022 Santa Barbara County Chardonnay

8/30/23

Santa Barbara County is one of the most exceptional and deviated AVA's of California. While most of the Mountain Ranges in California are North / South direction and parallel to the ocean, Santa Barbara and Ventura Counties Transverse Range is exactly opposite and — crosswise, or perpendicular to the Pacific and running west to east.

This Geography causes the air off the cold Pacific Ocean to rush east, cooling inland valleys and making them habitable for vines, and closer to the coast, to provide a cool climate terroir that produces stellar Pinot Noir and Chardonnays.

Our 2022 Santa Barbara Chardonnay is sourced from one of the newest and coolest sub AVAs of Santa Barbara called LOS ALAMOS. The resulting chardonnay has a Natural acidity that shines through the refreshing finish creating a wine that is perfect for sipping or versatile when pairing with food.

### **Nose:**

Lemon-flesh, pomelo-peel, grapefruit, kumquats, Roasted Hazelnut

### **Palate:**

Lemon curd, Granny smith apples, pineapple, fresh popcorn, toasted almonds and pumpkin seeds and hint of stone fruit. Lively acidity that lifts flavors of lemon with long-lasting freshness.

### **Notes:**

Appellations: Santa Barbara County/ Los Alamos

Varietals: 100% Chardonnay

Alc %: 14.2%

PH : 3.48

RS: 1 g/L
